

The Grand Ballroom

Our Grand Ballroom is a true “Grand Salon” and one of Long Island’s largest premier venue spaces. Easily fitting 300-400 guests as it stands, it can be adapted to accommodate upwards of 850 guests comfortably. Each custom-made crystal chandelier is outfitted with kinetic LED technology that can display any color combination imaginable. The result is a myriad of dazzling lighting options to fit every taste.

The 40-foot valanced, soundproof stage offers the ability to entertain your guests in every conceivable way. The 27’ onyx stone topped bar provides the ability to deliver quality and expeditious bar service for as many as 850 guests. Even the walls are amazing. In every direction you and your guests will be greeted with four-season-themed hand painted murals, each spanning over 300 square feet.

What would a Grand Ballroom be without its own ecosystem? Private restrooms, in-room public coat check services, and cloistered changing suites offer you a Grand Salon of your very own.
